

## **Successful Submission of Petition for Justice: Thank You for Your Support**

February 25, 2025 – FOR IMMEDIATE RELEASE

The Global Campaign & Emergency Humanitarian Response for South Sudanese, also known as act4SouthSudanese, is pleased to announce the successful submission of the petition calling for an independent investigation into the atrocities committed against South Sudanese nationals in Wad Madani, Republic of Sudan. The petition, signed by nearly 4,000 individuals from over fifty countries, has been formally submitted to the United Nations Human Rights Council's Independent International Fact-Finding Mission for Sudan.

We extend our heartfelt gratitude to every signatory for supporting this urgent call for justice. Your voices have amplified the plight of South Sudanese civilians who have been subjected to brutal violence and targeted killings. We would also like to thank those who took the initial initiative to start the petition and promote it across various social media channels. We also thank the social media influencers whose efforts have been invaluable in spreading the message.

However, our work is far from over. While the petition submission is a crucial step towards accountability, we must continue to push for tangible action. We urge all supporters—including our influential social media partners—to remain engaged with our ongoing efforts to assist South Sudanese civilians still trapped in dire conditions. As the conflict in Sudan escalates and the humanitarian crisis deepens, your continued advocacy and support are needed now more than ever.

We call upon the international community to remain vigilant and to provide the necessary support to those affected. Additionally, we encourage individuals and organisations to contribute to our ongoing humanitarian response efforts. Donations are vital in ensuring that emergency relief reaches those in desperate need. We also appeal to our social media influencers to help amplify our appeal and reach a broader audience.

To support our initiatives, please visit our website and consider making a donation through our campaign partners' GoFundMe initiative. Every contribution helps provide food, medical aid, and safe passage for those in immediate danger.
